

RS Recycling Ltd recognises the importance of environmental protection and is committed to operating its business responsibly and in compliance with all legal requirements relating to the asset management, recycling, refurbishment and reclamation of end of life, redundant and surplus electrical and electronic equipment and other controlled and hazardous waste.

It is the declared policy of RS Recycling Ltd to operate with and to maintain good relations with all regulatory bodies.

It is the objective of RS Recycling Ltd to carry out all measures reasonably practicable to meet, exceed or develop all necessary or desirable requirements and to continually improve environmental performance through the implementation of the following:

- a) Assess and regularly re-assess the environmental effects of the activities of RS Recycling Ltd
- b) Training of employees in environmental issues
- c) Minimise the production of waste
- d) Minimise material wastage
- e) Minimise energy wastage
- f) Promote the use of recyclable and renewable materials
- g) Reduce and/or limit the production of pollutants to water, land and air
- h) Control noise emissions from operations
- i) Minimise the risk to the general public and employees from operations and activities undertaken by RS Recycling Ltd

This Policy is communicated to all employees, suppliers and sub-contractors and is made available to the public.
